

Genano[®] 5250M

Item# 04GEN5250M

High-Performance Air Purification Kills COVID-19, Flu, Cold, Bacteria, Mold Spores, & more

Genano 5250 is our most advanced and modern air purifier. It is designed for places where air needs to be decontaminated from bacteria, microbes, viruses and gases. It is suited for dental offices, health care facilities, care homes, protective patient rooms, print centers, large cubicle offices, meeting rooms, board rooms, reception areas and other critical areas.

Included Accessories: Activated Carbon Filter – 2.4" depth, 1.8 lbs weight

Specifications	Genano [®] 5250M
Control	Manual
Air flow	Max. 294 cfm
Cleaning efficiency	99.7 %+ up to MERV 20
Particle size arrestance	> 0.003 µm
Gas Removal	Activated carbon filter, 2.4" depth, 1.8 lbs weight
Dimensions (W x H x D)	23.6" x 66" x 23.6"
Weight	200 lbs
Chassis	Painted steel
Installation	Stand alone
Fan speed	3 speed option: 117 cfm, 206 cfm, 294 cfm
Power consumption	50 W
Sound level	25-42 dBa
Voltage	110 - 130 V, 60 Hz
Unit cleaning	Automatic
Cleans room size	up to 4,000 sq ft.

Genano technology

– Patented nanoscale cleaning method

Genano's patented electric air purification method purifies indoor air even of nanoscale impurities. The method eliminates organic microbes such as viruses, bacteria, mold, allergens, and more. In addition, the method removes dangerous VOCs and smells

- 1 Contaminated air is led inside the unit
- 2 Harmful particles are become negatively charged. The negatively charged particles are attached to the positive collection chamber. Organic microbes are destroyed with electronical shocks.
- 3 The air is lead to active carbon collector which effectively removes VOC gases and odors
- 4 Outcoming ultra-pure air is completely free from particles of all sizes, microbes, harmful gases, and chemicals.
- 5 An automatic washing function activates once a week, keeping the machine low-maintenance and the efficiency high.

Genano – Pure Air. Nothing Else.
